Educate your Sons for Business,

OFFICE OF THE

American Mutual Insurance Co.

No. 259 Broad St., Newark, N. J.

Chartered in 1846.— Charter Perpetual.

**ACCUMULATED CASH ASSETS, APRIL 1, 1865,
OVER \$425,000.**

This Company have declared their usual annual dividend on all participating policies that have been continued for five consecutive years, either from the commencement of issuing, or from the time when scrip was last ordered to them, of 50 per cent. in scrip on the amount paid in, and a cash dividend of 8 per cent. on scrip previously declared, and the government tax—payable April 1, 1865.

The plan of doing business by this Company is unlike most other Companies.

They have no stockholders to receive first a share of the profits; the insured are the stockholders, and all the profits belong to them, while they assume no responsibility.

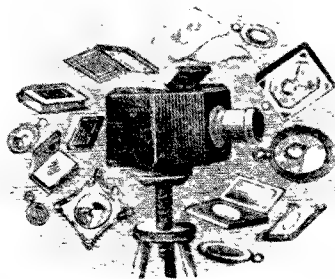

This Company divide on the basis of the *amount paid by the insured, and not on the net profits.*

They also issue NON-PARTICIPATING policies. Also policies for one or more years; or on the perpetual plan.

STEPHEN G. GOULD, *President.*

J. H. WOODHULL, *Secretary.*

These Mangles are labor-saving machines, and are invaluable in hotels, laundries or private families, as they entirely supersede the use of ironing, smoothing table linen, sheets, &c., with great rapidity, beauty, and without fuel. A person with one of these machines may do as much work as six with smoothing irons. They can be seen in operation at the Astor, St. Nicholas, Metropolitan, and the principal hotels in the city; also in a number of private families. The proprietors will give undoubted references as to their utility and use. Prices from \$40 to \$80. Liberal terms to wholesale dealers N. B.—They can be used with steam power.

Makers of KING'S PATENT CENTRIFUGAL WRINGERS or DRYERS.

#### **RENT POLICIES.**

**FLOATING POLICIES. PERPETUAL INSURANCE.**

#### **Advantages of the Liverpool and London Policies.**

They are issued by well known American citizens, resident in New York, who are Directors and Shareholders, and consequently, with the other Shareholders, are individually liable for all the engagements of the Company—all Policies are signed by them.

Under them all claims are paid on proof of loss, without deduction for interest, and not, as is usual, sixty days after presentation of proof.

They expire at six o'clock P. M., and not at noon.

They permit other Insurances to be effected without the Company's consent being endorsed on the Policy, and do not require notice of such additional Insurances until the same be specially demanded by the Company.

They are assignable by simple endorsement. No notice of such assignment need be given to the Company.

They allow ten pounds of Gunpowder to be on the premises without notice—none being permitted under ordinary Policies, unless the consent of the Company be given in writing.

They are more simple, avoiding needless terms, and nice descriptions, which only tend to complicate the Insurance, and render a settlement embarrassing.

# NIAGARA STEAM PUMP WORKS!

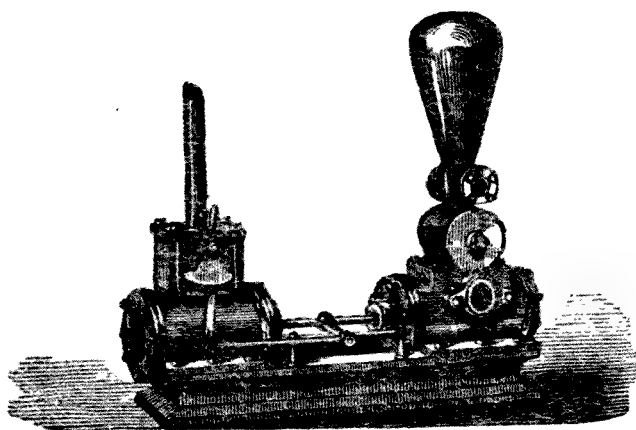

CAMPBELL & HARDICK BROTHERS,

No. 9 Adams St., Brooklyn, N. Y.

SOLE MANUFACTURERS AND PROPRIETORS OF  
HARDICK'S PATENT

DOUBLE-ACTING STEAM

Pump and Fire Engine.

This Pump combines all the advantages of other styles of Pumps now in the market, with none of their defects. The Patent Steam Valve applied to this Pump enables it to start at any point of stroke by simply opening the Valve in the Steam Pipe, and the Pump is sure to start at once without the use of a starting-bar, or the annoyance of pulling a

fly-wheel around to get it off the centre. For mining purposes this Pump is peculiarly adapted, as the Valves can be removed by unscrewing one nut, and the Valve-Chest cleaned in a few minutes. As the Pump is simple in its whole construction, it does not require the neighborhood of a machine-shop to keep it in working order. The Valve-Chest and Valves are made of brass or composition, and can be easily repaired or replaced when worn out. Any carpenter can make in a few minutes, of some heavy wood, a set of Valves for this Pump, if the original ones should give out. As a Boiler Feeder it has no superior, as it can be made to run at any speed, either slow or fast, to suit the work it has to perform. The undersigned respectfully solicit the attention of their numerous customers and the public in general to the merits of this Pump, and desire those wishing such an article to call and examine for themselves.

**EIGHT REASONS WHY MEN SHOULD DEAL AT  
HOLMES' CLOTHING STORE,  
344 BROAD STREET.**

---

- 1st—HOLMES buys direct from manufacturers, importers and auctions, for Cash.
  - 2nd—HOLMES does not receive orders from a single firm; his goods are therefore marked at Cash Prices, not order or time prices.
  - 3rd—HOLMES is his own landlord, and having no rent to pay, can and will sell 5 per cent cheaper on that account.
  - 4th—HOLMES' Store is the largest in the State—the assortment immense—a customer can always find just what he wants.
  - 5th—HOLMES gives his whole attention to his Store—indulges in no speculations or politics—he therefore has his stock seasonable, fashionable, and sizes well assorted.
  - 6th—HOLMES was for several years in the wholesale clothing business in New York City, and sold to nine-tenths of the stores in New Jersey.
  - 7th—HOLMES thinks the best cutters and workmen are the cheapest in the end, and his superior workmanship is generally acknowledged.
  - 8th—HOLMES' study and ambition is to please his customers, and to sell the best clothing at the smallest price.
